DIY (Do It Yourself) Planning Page   **Name** _____

Description: Develop a DIY or "do-it-yourself" video segment to show someone how to do something that you enjoy doing outside of school. The final segment must be between 1-2 minutes in length and include text, narration, pictures, and/or video clips. You must complete the planning page and have it approved BEFORE you complete your segment. Limit of 2 per quarter.

Examples would include a demonstration about how to: **Limit**: 2 per quarter
Make your favorite snack (such as Mrs. T's famous brownies),   **Points Possible** = 50
Make a craft item (such as a duct tape rose), or
Change the oil in your dirt bike or 4-wheeler.

Planning/Preparation/Organization:

1. What will you teach us how to do? _____

2. Write a script that includes all the following information:

> *Introduction*

>> *What is your topic?*

>> *What will you teach us to do?*

>> *What materials will we need?*

> *Instructions/Directions*

>> *What steps will you need to follow? Think about how you are going to demonstrate them so the viewers can understand what to do as well as "see" what you are doing!*

>> *What are the common mistakes someone might make? How should they avoid them?*

> *Conclusion*

>> *Where could someone learn more about this hobby/activity?*

3. Practice your segment to make sure it will be between 1-2 minutes in length.

HAVE YOUR SCRIPT APPROVED BY THE TEACHER BEFORE YOU PROCEED.

4. Create your segment and save it in the Projects folder in the iDuck Files folder on DropBox or e-mail it to ttrimpe@havana126.net.

5. What is the file name of your finished segment? _____

6. After you have graded your project using the rubric on the back of this page, turn in this page and a copy of your script. Be prepared to discuss the grade rubric with your teacher.
